DETAILED ACTION

Allowable Subject Matter

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: claims are allowable over the prior art at least for the reason that the prior art does not teach or reasonably suggest the imaging optical system for a scanner that satisfies the conditional equation as set forth in the claimed combination.

Nakajima (US Patent No. 5,493,446) discloses the imaging optical system (see Fig. 4), however, the imaging optical system does not satisfy the conditional equation as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
